

Boulder Jewish Inclusion Survey

Do you have or know someone who has special needs?

Do you want to create a more inclusive community?

We want to hear from you!

This Boulder Jewish Inclusion Survey was created by a volunteer-driven coalition of interested synagogues and organizations who are working towards a more inclusive Jewish community with individuals with special needs, disabilities, or challenges. The inclusion committees at Congregation Bonai Shalom, Congregation Har HaShem and Nevei Kodesh, plus Boulder Jewish Family Service, have all helped to develop the survey.

Do you have ideas for programming?

Want to be more connected to your Boulder Jewish community?

Need accommodations to attend religious services and events?

**Let your voice be heard now and
take this short 5-minute survey!**
